Belgium (The Call for Innovative and Open Government: An Overview of Country Initiatives)

At the federal level, the fiscal consolidation has resulted in intensifying existing efforts to improve the efficiency of the administration. In Flanders, as a result of the New Public Management movement, the Flemish government launched a reform in 1999 for "Better Administrative Policy" (BAP or "Beter Bestuurlijk Beleid" - BBB). This project aimed at re-organising the core of the civil service - the Ministry of the Flemish Community- the agencies or "Flemish public institutions" and the advisory councils.
